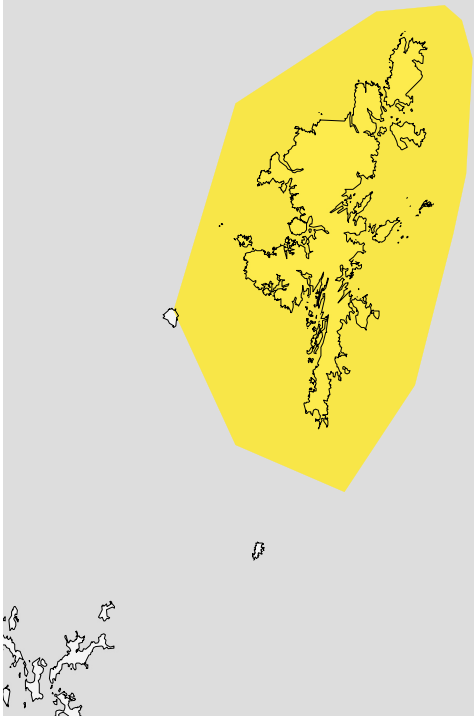
Yellow warning
Wind

Between
00:00 Sun 3 Oct 2021 and
09:00 Sun 3 Oct 2021



Very strong winds likely to bring disruption to travel across mainly coastal regions.

What to expect

- Some delays to road, rail, air and ferry transport are likely
- Some short term loss of power and other services is possible
- It's likely that some coastal routes, sea fronts and coastal communities will be affected by spray and/or large waves

Further details

A deepening low pressure system moving northwards through Sunday is likely to bring very strong winds to the Shetland Isles overnight Saturday, before abating by mid-morning Sunday. The strongest winds likely to remain just offshore, but there is a potential for 60 to 70 mph gusts in coastal areas bringing disruption to ferry activities.

Reason for update

Strongest winds now confined to Shetland and through to mid-morning Sunday
